7pm

CELEBRATING 25 YEARS OF
SUPPORTING AUTISTIC
CHILDREN & FAMILIES IN CORK

About SHINE Centre for Autism

For over 25 years, the SHINE Centre for Autism has supported autistic children and their families across Cork and surrounding communities. Established in 2001, SHINE provides education, guidance, programmes, and advocacy that empower families to access vital supports and build brighter futures for their children.

Over the last 25 years thousands of families have benefited from SHINE's services, making the organisation a trusted and respected resource within our community.

EVENT OVERVIEW

The 25th anniversary gala ball marks a significant milestone in SHINE's story so far. This formal black-tie event will bring together the city's political leaders, business leaders, community partners, supporters and most importantly our families for an evening that celebrates the milestones and achievements of our organisation over the last 25 years.

The programme for the night will include a drinks reception, gala dinner, entertainment, guest speakers and a charity auction.

WHY SPONSOR & PACKAGES

Corporate sponsorship of this event will demonstrate a meaningful and tangible commitment to the wellbeing of your local communities and align your organisation's social responsibility goals with a respected charity that is delivering real impact on the ground. By supporting this event, your organisation's CSR initiatives will benefit from increased community awareness, visibility amongst the public and key stakeholders and support positive inclusion in the communities where your employees live and work.

YOUR SUPPORT MAKES A DIFFERENCE

Funds raised from this gala ball will directly support SHINE's programmes for autistic children and their families, ensuring essential services continue for those who rely on them. Together, we can build a more inclusive future and extend SHINE's impact for the next 25 years.

Testimonials

“

Boston Scientific supported Shine as our charity partner to build life skills and play therapy rooms at their Centre.

Their level of engagement with the Boston Scientific charity team and wider employee group was superb and we were delighted to support this highly impactful project that was delivered on budget and on time.

The broad support that Shine received reflects the deep positive community impact that Shine continues to deliver.”
